

EXTERNAL PAVING FOR HIGHWAY HOTELS

Highway hotels cater to:

- Car & Taxi Traffic
- Tourist Buses
- Commuter traffic
- Local town guests
- Truckers

What attracts customers to these hotels:

- Expectation of a clean place
- Possibility to rest and recuperate for road ahead
- Multi facility
- Relaxing environment
- Cheerful environment

Problems faced by hotel owners with regards to open spaces:

- Poor treatment of prime land spaces
- Frequent settlement of base
- Wasteful expenditure
- Unattractive entrance
- Unavailability of a clear solution

Possible solutions for paving of open areas of highway hotels:

- WBM finish
- Bitumen road
- PCC/ RCC
- Interlocking Paving blocks

Hotel Fountain, Mumbai

Hotel Sarvottam, Halol

Pavers are ideal for Highway hotel application as compared to other options because:

- 👉 Long life (20 yrs +)
- 👉 Best looks add to cheerful atmosphere
- 👉 Lots of design options possible
- 👉 Best performance in rains- no water logging.
- 👉 Easiest to repair- possible for owner to do it self
- 👉 Easy to maintain
- 👉 Best slip resistance
- 👉 Fastest work on site without stopping hotel working
- 👉 Possible to clean oil spill by replacing few pavers
- 👉 Possible to take blocks away to another location
- 👉 Rs. 40-60 per sft

Hotel Galaxy, Delhi Darbar, Mumbai

Hotel Express Inn, Mumbai
